DETAILED ACTION

Drawings

1. The drawings were received on 4/17/07. These drawings are acceptable.

Allowable Subject Matter

2. Claims 1-8 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose a method for adaptively allocating resources in a communication system where average channel gains of sub-carriers/time slots for each user are computed, average numbers of bits of sub-carriers/time slots for each user are computed, the number of sub-carriers/time slots to be allocated to each user are computed based on the computed average numbers of bits and the sub-carriers/time slots are allocated based on the computed average numbers of bits and the computed number of sub-carriers/time slots, and where a modulation process is selected according to a magnitude of the sub-carrier/time slots allocated to each user, as recited in claims 1 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
